Fermented turmeric turned into water-soluble for easy absorption by our patented filamentous fungi fermentation process which helps to enhance antioxidant and to improve the health of liver.

MICWELVA Co., Ltd.

► Features

1. Fermented turmeric supplement [HAKKO UKON]

100% made from 3 kinds of natural turmeric (spring turmeric, autumn turmeric, purple turmeric). Turmeric turned into water-soluble which not only makes the nutrients to be easily absorbed into the body but also drastically enhances the antioxidant effect (by 7 times) compared to unfermented turmeric. Easy to take daily since it's a tablet type and the bitterness were removed during fermentation.

2. Mixed supplement with fermented turmeric [UKON no AKASHI<P>]

A well-balanced supplement for Health and Beauty with the mixture of filamentous fungi fermented turmeric which has outstanding antioxidant ability and collagen & vitamin C which are difficult to be supplemented by just food.

3. Fermented turmeric tea [HAKKO UKON TEA]

100% Made from autumn turmeric which has been turned into water-soluble through our patented filamentous fungi fermentation process. 7 times more antioxidant ability compared to unfermented turmeric. Easy to drink since the bitterness were removed during fermentation.
