## ► Features

1. “Nomerumon”—a kit containing jelly that aids you in taking oral medication:  
The jelly allows you to swallow oral medication easily, anytime, anywhere, without water, a glass or a spoon. The bag of the kit serves as a spoon. The kit is designed to be portable with the medication set inside, and is very helpful in taking medication when you are away from home.

**のめるモンの使用方法**

①薬を中に入れます。

②ゼリーで薬を包み込みます。

※携帯する場合は折りたたんで携帯します。

③スプーン形状にしてゼリーと一緒に飲みいただくだけ。

旅行等で携帯する場合は、①の後に薬をセットした状態で折りたたんで携帯してください。使用する時は、開いてから②から始めてください。

## ► Company Profile

We aim to relieve the discomfort of taking medication for those who are not good at taking medication, or who have difficulty swallowing medication due to advanced age or disease. Driven by the desire to change such discomfort into comfort, we have developed a kit containing jelly that aids people in taking oral medication. We also promote a project to propose a new method of taking medication.
