

For Business Opportunities, Look West!

Osaka Promotion Seminar in Tokyo

Date
&
Time

Tue., March 1st
14:00~16:30

As the home of a multitude of leading companies from various sectors, Osaka plays a pivotal role in the economy of West Japan. There is no end in sight to the new and exciting projects in Osaka, including development of the National Laboratory for advanced energy storage technologies (NLAB) in the Osaka Bay area by the National Institute of Technology and Evaluation (NITE) and the formation of a global medical care cluster under the lead of the National Cerebral and Cardiovascular Center (NCVC). This seminar will walk you through the new attractions and future opportunities that Osaka has to offer. You won't want to miss this one-of-a-kind opportunity!

Mr. Tetsuo Umetani, Deputy Managing Editor, Manager of Economy Dept, Osaka Head Office, Nikkei Inc

A graduate of the Waseda University School of Law, Mr. Umetani began his career as a leading journalist by joining Japan's economic paper The Nikkei fresh out of college in 1986. After holding key positions within that company, he assumed his current position at the Osaka Head Office in 2014.

<DunAn International (Japan) Co.,Ltd.>

DunAn International (Japan) Co.,Ltd. is a Japanese subsidiary of the DunAn Holding Group Co., Ltd. (HQ: Hangzhou, Zhejiang Province, China), which is a global enterprise with a broad business portfolio, including its mainstay business of precision air-conditioning and refrigeration components manufacturing, as well as chemicals, energy, and resource development. The Group's annual sales amount to US\$8 billion. Having mainly dealt with leading home electronics manufacturers in Japan, their Osaka office was established in 2014 to improve its services to Japanese customers and expand sales in this key market.

<Intelligent Energy Limited>

A Japanese subsidiary of Intelligent Energy Limited (IE), which is a U.K.-based developer of fuel cell systems, Intelligent Energy Japan possesses state-of-the-art hydrogen fuel cell technologies and proactively engages in numerous joint development projects with the world's leading companies in the fields of transportation, aerospace, distributed power & generation, emergency power generation, and portable power sources. In Japan, IE has teamed up with Suzuki Motor Corporation to develop and manufacture hydrogen fuel cell motorcycles, which are now one of the most promising next-generation eco-vehicles.
