

## SPECIFIED REGULATED INSPECTION RECORDS (EXTRACT)

Dear Customers,

This, rough terrain/vehicle type construction machinery/vehicle for work at high-rise construction site/building is required to undergo the regulated inspection provided for in Paragraph 2 of Article 45 of the Industrial Labour and Safety Law.

Be sure to conduct the specified regulated inspection by the deadline.

The deadline for the first inspection of this machinery is MM YYYY.

The specified regulated inspection may only be conducted by a person qualified by government. Except usual examination yourself, you have to ask an inspection agency registered at the Ministry of Labor or the Director of the Prefectural Labor Standards Bureau to conduct the inspection instead of Minister of Health, Labour and Welfare.

List of inspection agencies is available at the Prefectural Labor Standards Bureau.
